Prevent Disability Discrimination

In 1945 Congress designated October as National Disability Employment Awareness Month. This year's theme, Ability You Can Bank On, commemorates the 25th anniversary of the Individuals with Disabilities Education Act and the 10th anniversary of the Americans with Disabilities Act.

All federal employees have a responsibility to serve as role models in opening doors of opportunity to persons with disabilities. This is accomplished by making the workplace, public facilities, telecommunications and transportation accessible to those with disabilities who have entered the labor force.

These individuals are taxpayers, consumers and workers who contribute significantly to the economy. All personnel must ensure the laws preventing discrimination are enforced by implementing solutions to reasonably accommodate disabilities. For info call Erni Moya, 421-2288/civ. 0711-729-2288.
